

Sleep Tight BedBug Cleaner

Say Goodnight to Bed Bugs

SleepTight Bedbug Cleaner is a safe, non-toxic multi-enzyme product made from natural vegetable extracts. Sleep Tight helps to remove bed bug eggs, pheromone (odor), fecal matter and the staining associated with bed bugs without the use of harmful pesticides!

Instructions for Use:

BEDDING, PILLOWS and OTHER FABRICS

Wash in 2 ounces of Sleep Tight per gallon of water in washing machine set at a medium water temperature. The enzymes in Sleep Tight will digest glue attaching the bed bug eggs. After washing, use a dryer to dry the items using as high of a temperature setting as the items can tolerate.

MATTRESSES and BOX SPRINGS

Use 2 ounces of Sleep Tight per quart of water to pre-treat: buttons, seams, zippers and tufts of mattresses. Pre-treatment can be done using a spray bottle or larger sprayer. Then clean mattress using Sleep Tight mixed at 3 ounces per gallon of water in an upholstery or carpet cleaner or use a brush to scrub all surfaces of the mattress. Spray and clean all surfaces of the box springs including the interior of box springs. Clean cracks and joints in bed frames and headboards. Use a crevice tip or jet spray to be sure all areas are penetrated.

After mattress is thoroughly dry, seal in a zippered mattress cover that is allergen-rated.

CARPET

Pre-treat seams between walls and carpet with Sleep Tight mixed at 2 ounces per quart of water in spray bottle or larger sprayer. Then clean carpet with Sleep Tight mixed at 3 ounces per gallon of water. Sleep Tight can be used in all mechanical carpet cleaners.

FURNITURE and WALLS

Spray seams, joints, cracks, baseboards and cabinets with Sleep Tight mixed at 2 ounces per quart of water.

Clean furniture and walls with Sleep Tight mixed at 3 ounces per gallon of water. Remove loose wallpaper by soaking with Sleep Tight mixed at 4 ounces per quart of water.
